Cuthbert Jan 19th 1925-

Mr J. C. Collins

Dear Cousin

I note yr was sick but I was suffering as much from fall I don't remember what I wrote you whether I thanked you or not for being so kind to me, I was low spirited all yr was crippled from the fall. I thank you as much for kindness you know I have no very near relatives and I appreciate so much what is done for me for I am

unable to work for a living.
We have had the hardest rain I ever saw & the longest lasting. All the houses I have heard of so far has leaked, my house did, the basement of Andrew College & the new Hospital filled up with water, had to dip it out. Flowers pots, too, set deep in water, my house did not leak as bad as some. But it was enough. We have had but few pretty days this year. I hope you all enjoyed your Xmas and I wish you all a happy new year.
Sincerely yours, Mary Lou Sharman
